

TCR Group – Apprentice GSE Technician Gatwick

Apprentice GSE Technician

Location: Gatwick

Division: Operations / Workshop

Reporting To: Workshop Supervisor

The Opportunity:

We are looking for a motivated Apprentice GSE Technician to join our operational team. This hands-on role provides on-the-job training in a busy workshop environment, supporting experienced technicians while learning how to maintain and service ground support equipment (GSE). This is a safety-critical role requiring attention to detail, a strong work ethic, and a passion for mechanics.

Key Responsibilities:

- Assist with servicing and maintaining vehicles and machinery under supervision
- Learn to use workshop tools and machinery safely and effectively
- Complete job cards, inspection records, and service paperwork accurately
- Keep work bays and surrounding areas clean, safe, and organised
- Report defective tools or equipment to the Workshop Supervisor
- Request parts using SAP and assist with basic workshop admin tasks
- Ensure all tasks are checked and approved by a qualified technician
- Progress to more complex tasks as training develops through apprenticeship

What We Are Looking For:

- A strong interest in motor mechanics and practical engineering
- Basic understanding of MS Outlook and ability to use tablets/iPads
- Willingness to learn in a supervised, safety-first environment
- Literate, numerate, and able to follow instructions accurately
- Drivers licence would be advantageous
- Please note: This role requires supervision at all times—independent working is not permitted during training

Knowledge and Skills:

- A keen interest in motor mechanics
- Basic understanding of MS Outlook
- Ability to navigate iPads and tablets for completing work orders
- Ability to work efficiently and accurately
- Literate, numerate, and analytical
- Understanding of TCR procedures and systems
- Service delivery focused
- General knowledge of health and safety regulations

Qualifications:

- Minimum Grade 4 or C in Maths, English & ICT at GCSE level

Apprenticeship Goals:

- Complete accredited training and obtain NVQ qualifications
- Develop competency through classroom, e-learning, and on-the-job training
- Maintain consistent quality in documentation and workshop conduct

♥ Why Join Us?

- Earn while you learn with full support toward qualification
- Gain hands-on experience working with industry-leading GSE equipment
- Be part of a safety-focused and supportive operational team

♥ What We Offer

- 3x salary Life Assurance.
- Private Medical coverage.
- Employee Assistance Programme (EAP).

About Us:

TCR delivers leading-edge recovery, transport, and operational services across the UK. With a strong focus on safety, compliance, and client satisfaction, we are committed to excellence in everything we do.
