

TCR Group - Automotive Mechanic LV/HV/Plant - Brisbane Airport (Multiple Vacancies)

About the Company:

TCR Group's global presence spans across 200 airports, reaching five continents and 20 countries. With a network of over 80 workshops and a dedicated team of 1,500 employees worldwide, we are committed to delivering excellence on a truly international scale.

For a quarter of a century, the TCR Group has been a global leader, specialising in Ground Support Equipment Maintenance, Rental, and Fleet Management services. Our extensive portfolio includes a wide range of essential equipment, from push-back tractors and loaders to belt loaders, catering trucks, ground power units, air starter units, tow bars, trailers-dollies, baggage carts, and more. We proudly serve Ground Handlers, Airlines, and Airports worldwide, delivering top-tier solutions that keep the aviation industry moving smoothly.

Available Position:

We have an exciting role as a GSE mechanic within our Australian business, available for an enthusiastic and motivated trade-qualified mechanic keen to join a supportive and collaborative team on a full-time basis.

The mechanic's position involves utilizing your technical skills and experience as a tradesman to repair and maintain ground support equipment. You will report daily to the Shift Supervisor however will ultimately be under the management of

the State Service Manager. Your role involves following service guidelines and data as well as repair and maintenance tasks that reflect a trade standard. The variety of equipment and the unique nature of aviation equipment means there is an opportunity to bring a wide collection of knowledge, skills, and experience to the role.

You may have noticed that we frequently post job openings. The reason behind this is our company's continuous growth, not a high turnover rate. This should give you confidence that we take good care of our employees.

What we offer:

- Monday to Friday Role
- 4 weeks annual leave
- Great working environment based onsite at Brisbane Airport
- Working on unique and specialised equipment
- Working as part of a global company with the opportunity to build a career pathway
