

TCR Group – Heavy Machinery Mechanic

Heavy Machinery Mechanic

Company Overview:

Join our team at TCR, a leading provider of heavy machinery services for the Aviation Industry. With a commitment to quality and safety, we specialize in the maintenance, repair, and servicing of a wide range of heavy equipment, including pushback tractors, loaders, and catering trucks.

Job Description:

We are seeking a skilled Heavy Machinery Mechanic to join our team. The ideal candidate will have a strong background in diagnosing and repairing heavy machinery, ensuring optimal functionality and safety standards. Responsibilities include:

- Performing routine maintenance and inspections on various types of heavy equipment.
- Diagnosing mechanical and electrical issues accurately and efficiently.
- Conducting repairs, replacements, and adjustments to components such as engines, hydraulic systems, and transmissions.
- Ensuring compliance with safety protocols and regulations at all times.
- Documenting maintenance and repair activities for record-keeping purposes.

Requirements:

- Proven experience as a Heavy Machinery Mechanic or similar role.
- Proficiency in diagnosing and repairing mechanical, hydraulic, and electrical systems.
- Strong knowledge of heavy machinery operations and maintenance procedures.
- Ability to interpret technical manuals and schematics.
- Certification in heavy equipment mechanics or a related field is a plus.
- Excellent problem-solving skills and attention to detail.
- Good communication and teamwork abilities.

Benefits:

- Competitive salary based on experience and qualifications.
- Comprehensive benefits package including health insurance and retirement plans.
- Opportunities for professional development and training.
- A supportive work environment with a focus on safety and quality.
- Growth potential within a dynamic and expanding company.
